Programme

Wetskills will formally start on 5 October 2019 with two days of team building, cultural activities and water-related excursions. On 7 October, case owners present their challenge to the teams and diverse experts will brainstorm with the teams.

Over the next eight days the participants' teams will work on the challenge with periodic guidance of international Wetskills supervisors and support from diverse local experts from academia, companies and governmental institutes.

The Wetskills programme is aligned to the **Budapest Water Summit (15-16 October) programme**. Each team will present its solution at the end of the (two-week) challenge during a special pitch session and poster market. The Award Ceremony will be organized afterwards. **Leaders in business, academia and government will attend the finals and awarding.**
